SENATOR MURPHY: Yes.

SENATOR CAVANAUGH: Alright, that's it.

SENATOR MURPHY: I thought I answered that the last time.

SENATOR CAVANAUGH: No, you didn't. OK, thank you. That.... I think that the best thing that you can say about this bill is that no matter what we do it's a bad bill. I think probably the fundamentally fair way to enact or approach this problem would be through a general tax assessment. I don't think there's any support for that. So the next best way, I felt, was the way that the original bill was drafted. Understanding the Insurance Commissioners change in position, I will support the bill as amended. I'll support the amendment.

PRESIDENT: Senator Murphy.

SENATOR MURPHY: I would move the return of the bill for the adoption of the specific amendment.

PRESIDENT: That's your statement. Record your vote. Record.

CLERK: 27 ayes, 0 nays.

PRESIDENT: The bill is returned, Senator Murphy.

SENATOR MURPHY: I would move the adoption of the amendment.

PRESIDENT: Record your vote. Please vote. Record. The amendment is adopted, Senator Murphy.

SENATOR MURPHY: I move the bill be readvanced.

PRESIDENT: All in favor say aye, contrary say nay. The bill is advanced.

CLERK: Read title to LB 332A. Mr. President, Senator Schmit also asks unanimous consent to have printed amendments to LB 703.

Mr. President, I move to return LB 819 to Select File for the attached amendment. Signed, Senator Mills. (Read amendment offered by Senator Mills found on page 1231 of the Journal).

PRESIDENT: Senator Mills.

SENATOR MILLS: Mr. President, this is merely a correction that was an error from the time it was moved over from E & R engrossing, is changing no language, doing nothing that we have not done here on the floor already. It's merely a correction when an amendment was inserted and approved here on the floor, it was put in the wrong place by error and I would ask you to return the bill for that specific amendment. How much are you going to save? This will not cost the state one dollar.
